## IN THE BOX

## ASSEMBLY

1. Remove and unroll the Accelerator Pro mat (A). Gravity Ball Return (B) is pre-connected to the mat.
2. Connect the Removable Ball Tracks (C) using the connectors (D).
3. Connect the assembled Ball Track (C) to the Gravity Ball Return (B).

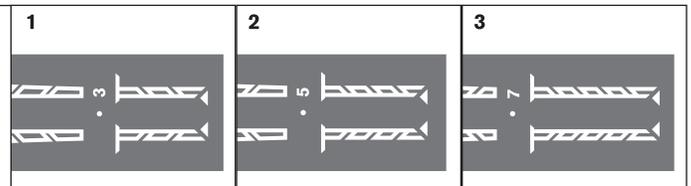

## USAGE

### SELECTING DESIRED BALL RETURN DISTANCE

User may add or remove ball tracks to ensure the ball returns directly to the desired location: 3', 5', or 7'.

1. Attach the first track to the end of the ball return on the mat for a return of 3 feet.
2. Attach the second track to the end of the first track for a return of 5 feet.
3. Attach the third track to the end of the second track for a return of 7 feet.

### PUTTING PRACTICE

1. Place ball on the number for the desired distance in feet: 3, 5 or 7.
2. **ALIGNMENT:** Square the putter face with the squaring lines at desired putt length.
3. **BACK STROKE:** The back stroke guides indicate the proper distances to take the putter back and prepare your stroke for an accelerated follow through.
4. **THROUGH STROKE:** The acceleration lines guide the motion for proper forward strokes and acceleration.
5. Practice at all different putt lengths, using the back and through stroke guides for the ideal stroke for each distance. Focus on a slow, smooth stroke going back with an accelerating stroke going through.
