

# MultiRoller™

## INSTRUCTIONS FOR ASSEMBLY

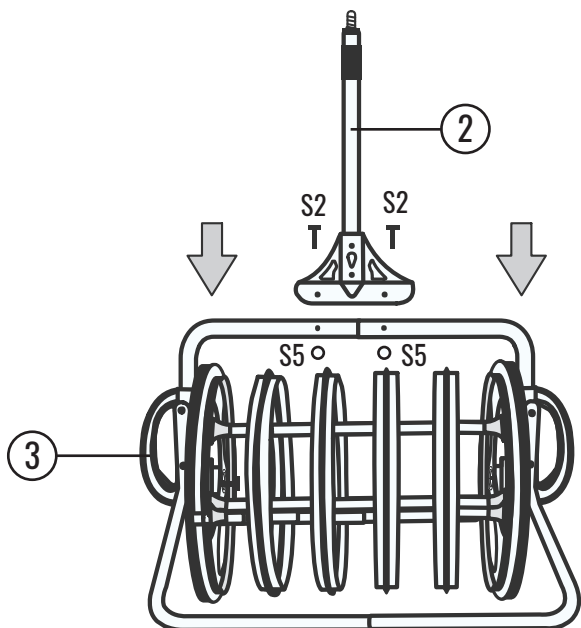

### STEP 1

Insert the Aluminum Extension Pole (1) to the Triangle Support (2.)

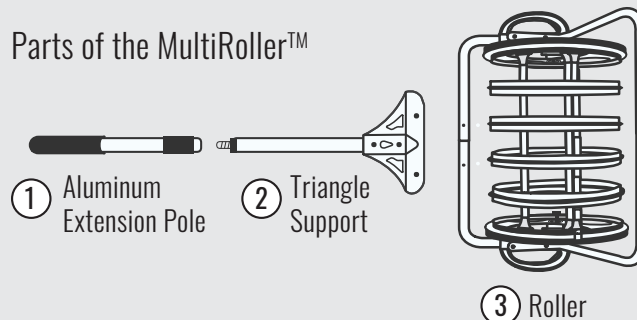

### STEP 2

Use the “L” wrench and the two bolts and nuts (S2, S5) to screw the Triangle Support (2) onto the Roller (3) and make sure the bolts are tightened securely.

## REMOVING BALLS FROM THE MULTIROLLER™

### STEP 1

In order to remove the balls, find the lever that has a closure by the wheels.

### STEP 2

Push down the lever to open the closure to allow balls to come out easily.

**THE NEW ONCOURT OFFCOURT MULTIROLLER™** is one of the most unique ways in the world to pick up tennis balls (including larger red balls) and pickleballs. It makes picking up balls FUN! The MultiRoller picks up balls rolling either forwards or backwards and, when not in use, stands up for convenient storage or to place courtside.
