

All-Star Chest Protectors should fit high on the player's chest with the throat guard covering the base of the neck.

Chest protectors are measured from the indent between the collarbones to the navel.

Chest Protector Measurement	
	Top Star Models
13.5"	CPCC-TS-79 (Ages 7-9)
14.5"	CPCC-TS-912 (Ages 9-12)
15.5"	CPCC-TS-1216 (Ages 12-16)

Proper sizing is critical for comfort and performance. Always measure before purchasing. Any stated ages are for general guidance only and player measurements should be used for proper fitting.
