

1

Turn mannequin Sideways and place hands in the middle holding the body, leaving the headpiece dangle.

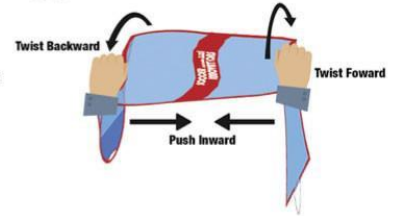

2

Twist hands in opposite directions to start folding the mannequin.

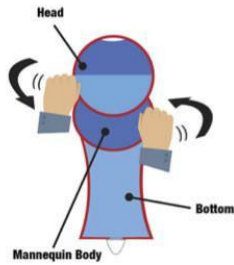

3

Keep folding the mannequin by pushing hands inward while twisting

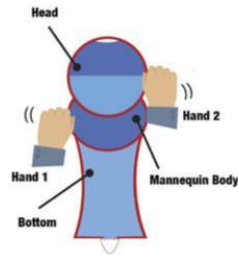

4

Keep pushing hands together and folding until the mannequin body turns into a circle.

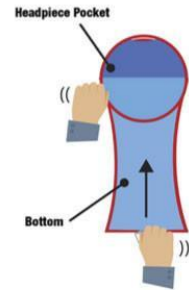

5

Hold folded body with one hand and grab the headpiece with the other hand.

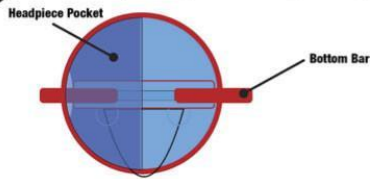

6

Insert body into headpiece pocket as shown below. Start folding the bottom bar.

7

Insert bottom bar through headpiece pocket to prevent the mannequin from unfolding. Mannequin is now ready for storage
