### Notes:

- 1) Above listed weights are accurate only if goal is outfitted with all equipment supplied with goal and has been assembled in accordance with manufacturer's instructions.
  - 2) Weight must be placed as close to rear corners of goal as possible. Weight must be evenly distributed between the left and the right sides.
  - 3) Weights listed above are sufficient for goal to pass tip test in accordance with ASTM F2056, ASTM F2673, and European Standard EN748.
- \*\* Goals are exempt from the requirements of ASTM F2056, ASTM F2673 and EN748. Weights listed are Kwik Goal recommendations to stabilize goals for normal use.

**Above information only to be used with the corresponding Kwik Goal goals and is not intended to be used with any other product.**
