VOLLEYBALL AND JUDGE'S STAND TRANSPORTER

SPECIFICATIONS

PORTER No. 00956-100 VOLLEYBALL STORAGE/TRANSPORT SYSTEM

Heavy duty transport frame shall be designed to store and transport six (6) sleeve-type power volleyball uprights, one (1) judge's stand with pads, three (3) nets including antennas, and three (3) sets of upright pads. Frame to be constructed of heavy-wall 2-1/2" x 1-1/2" (6.3cm x 3.8cm) rectangular steel tubing. Heavy, formed steel hooks shall be provided on side diagonal frame members for storage of power volleyball standards. Hooks shall be covered in a vinyl material to protect finish on upright posts.

Large vinyl nylon net storage pouch shall be provided with tunnel loops and Velcro flaps for attaching to transport frame. Bottom of transport shall be equipped with a 20" x 48" (50.8cm x 121.9cm) vinyl covered storage shelf for upright pads.

Entire unit to roll on four (4) 3-1/2" (8.9cm) diameter heavy-duty swivel casters. Overall size of unit (less standards) to be 4' 0-3/8" (1.23m) in length, 3' 2-1/4" (97.15cm) in height and 2' 6-1/4" (76.84cm) in width to allow transporter to pass through typical 3' wide doorways.

Finish shall be durable powder-coat.
