

Quickster®
VAULT NET
GETTING STARTED

Thank you for choosing the SKLZ Quickster® Vault Net. We are dedicated to providing you with the best tools and instruction possible to help you unleash your athletic potential. If there is anything else we can do to help you optimize your training, don't hesitate to send us an email (customerservice@sklz.com) or give us a call (1-877-225-7275).

BEFORE YOU BEGIN:

- Read all the setup and usage instructions carefully before using. If the setup and/or usage instructions are not followed correctly, it could result in injury or damage to the product.
- Adult setup is recommended.
- Athletes under 18 years of age should use only under adult supervision.
- Not suitable for children under 3 years of age.
- Make sure you have all of the Quickster® Vault Net components. Please contact SKLZ customer service toll free at 1-877-225-7275 x 128 if you are missing anything.

⚠WARNING:

- Quickster® Vault Net is under tension when set up. Please take the utmost care when releasing the tension during disassembly. Failure to do so may result in injury.
- Do not climb or hang on the Quickster® Vault Net.
- When in use, make sure the Quickster® Vault Net is set up in a clear area to avoid injury and/or damage to property.
- To avoid pinching, use caution when connecting the push-button tubing.

CARE:

- When finished using, store the Quickster® Vault Net after use. Do not leave outdoors.
- Keep away from fire and heat sources.

PATENT #: US 8,246,496

IDEA SUBMISSION

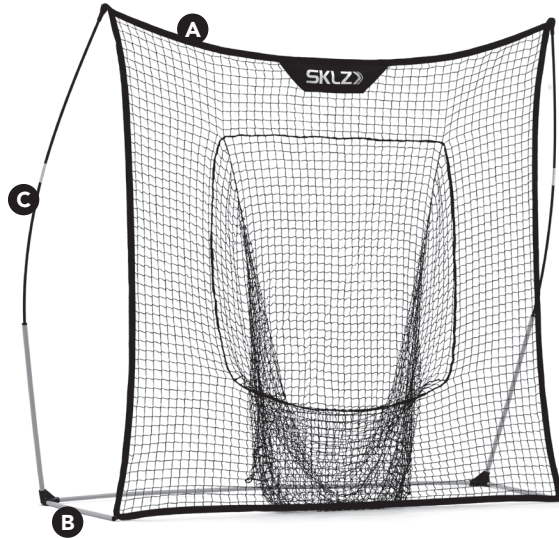

If you have an idea for a new and innovative sports training product, visit SKLZ.com to submit your concept. Some restrictions may apply.

1 YEAR LIMITED WARRANTY

This warranty does not cover damages resulting from accident, misuse, abuse or lost merchandise, and is only valid in the USA. Register your product at SKLZ.com to ensure warranty coverage, and get new product information and special deals from SKLZ.

PARTS

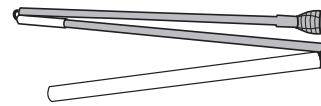

A NET

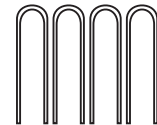

B BASE FRAME

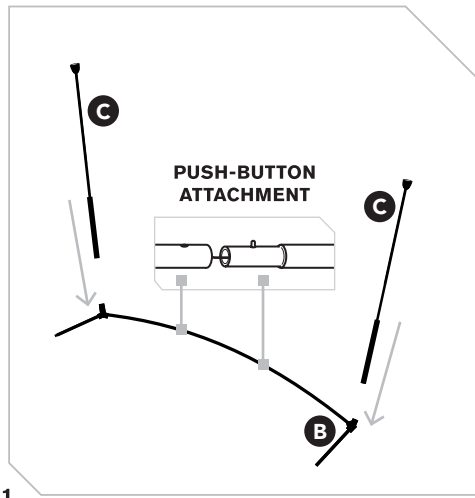

C TENSION-TITE™ ARM POLE (2)

D GROUND STAKES (4)

ASSEMBLY

1

NOTE: Base Frame and Tension-Tite Arm Poles come pre-attached by elastic cords.

1 – Lay out one Tension-Tite Arm Pole (C) and link it together to form a straight pole. Repeat with the second Tension-Tite Arm Pole.

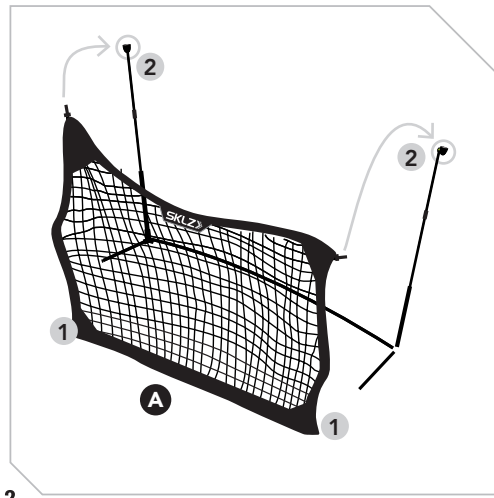

2 – Lay out the Base Frame (B) and link it together. Make sure to secure the poles with the push-buttons.

WARNING: To avoid pinching, use caution when using the push-buttons.

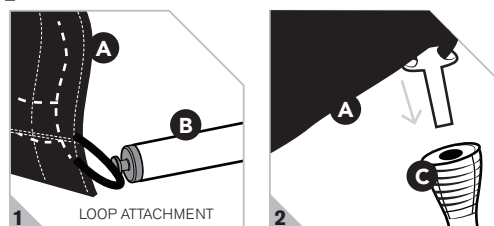

NOTE: The slight bowing of the Base Frame is part of the Tension-Tite system design.

3 – Slide the Tension-Tite Arm Poles into each side of the Base Frame.

NOTE: Ensure the arm poles are fully inserted. Failure to do so may result in damage to the Vault Net.

2

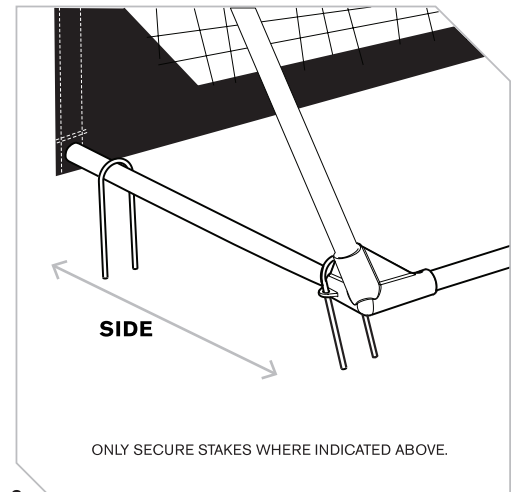

1

1 – Unfold the Vault Net (A) and make sure that the SKLZ logo on the net is facing away from the frame. Connect the net loops on the bottom of the net to each side of the frame.

2 – Slide the pin at the top of the net onto the top of the Tension-Tite Arm Pole. Repeat on the other side.

NOTE: Check the frame to make sure it is fully and securely setup with the net before securing the frame to the ground.

3

Place Vault Net in the desired location and ensure it is on level ground. Secure frame with included Ground Stakes (D). Ground Stakes can be secured with hand or foot.

NOTE: Do not use Ground Stakes on the back of the base frame. Poles will bend and tension system will not function properly. Care should be taken when pressing in the Ground Stakes. Poles can be bent if driven too far into the ground or hard surface.

WARNING: Make sure the Vault Net is secured into the ground before play. During play, make sure the Ground Stakes are secured as a loose Ground Stake may cause injury.
